## **SUMMARY**

An innovative and ambitious graduate with experience in Software Engineering, Network Development, Structured Analysis, Researching, Designing, Developing, Programming and Testing of computer hardware and software for engineering, industrial and other applications, particularly in network communications. Knowledge of information engineering techniques and computer aided software engineering methodologies.

A strong team player, communicator, leader, problem-solver and decision maker with excellent experience within the international environment. Sound knowledge of various cultures and language skills that include English, Danish, Chinese, French and German.

---

---

## **EDUCATION**

	UNIVERSITY OF TORONTO (Toronto, Ontario)
1998 – 1999	<b>Hon. B.Sc. in Software Engineering</b>
1994 - 1998	<b>Hon. B.Sc. in Electrical Engineering</b>

## **TELECOMMUNICATIONS/COMPUTER NETWORKING/SOFTWARE ENGINEERING**

- Worked on telecommunications and computer networks, broadband digital communication networks ATM networks, CCITT B-ISDN standards, Virtual Private (Enterprise) Networks
- Analyzed and determined the requirements for application of computer technology in real-time environments for telecommunications, industrial applications and software engineering
- Designed, built and tested instrumentation prototype integrating analog/digital IC devices
- Experience in structured programming using C++ language with UNIX operating system
- Analyzed and resolved complex technical problems in areas such as computer software (applications and installations), hardware (network design, architecture, system failure) and programming
- Provided technical support and training to individuals and end-users in areas such as hardware, software, programming and networks

## **COMPUTER SKILLS**

**Computer Programming:** C, C++, SQL, Visual Basic, JAVA, Pascal, Fortran and Assembler

**Operating Environments:** UNIX, Windows NT, Windows 2000, Novell and DOS

**Software:** Microsoft Office, Access, PowerPoint, Lotus Suite Harvard Graphics and Corel Draw

---

---

*Continues...*

### **TEAMWORK/LEADERSHIP**

- As Liaison and Spokesperson for the Student Association at University of Toronto, strengthened the relationship between the executive body and student members
- Competed internationally as part of a team representing the Copenhagen International School in Mathematics
- Provided in-house tutoring to University of Toronto's undergraduates in computer software programs and math
- Organized, coordinated and delegated responsibilities to four employees while promoting a teamwork environment
- Provided leadership, guidance, training, motivation and ongoing support to peer-students
- Recognized by superiors as an effective leader and team player with vision for technical innovation

### **COMMUNICATION/PRESENTATION/PUBLIC RELATIONS**

- Communicated with all levels of authority on matters related to technical and non-technical issues through the effective use of interpersonal, written and verbal communication skills
- Prepared and delivered a fifteen minute speech in front approximately 2100 delegates
- Organized and coordinated social events and club activities between other clubs while in the position of External Social Convener

### **ANALYTICAL/ORGANIZATION/RESEARCH**

- Researched, compiled, prepared and presented reports, surveys and other relevant material to groups and individuals
- Conducted extensive laboratory research and testing; develop and design prototype products
- Organized and marked assignments for second-year undergraduate courses in math and statistics
- Ability to assimilate and analyze complex issues and concepts in order to dissect, simplify and resolve problems, both in hands-on and simulated scenarios

### **VOLUNTEER EXPERIENCE**

UNIVERSITY OF TORONTO (Toronto, Ontario)  
**Private Tutor (Computer Studies and Math)**

1996 - 2000

### **PROFESSIONAL AFFILIATION**

Institute of Electrical and Electronics Engineers  
**Member**

Present

### **REFERENCES**

- Will be provided at the interview
