Mr. D. Moore
Kay & Company
134 Any Street
Toronto, Canada

Attention Mr. Moore:

It was a pleasure meet with you and Mr. Allen Brown yesterday. I found the interview for the Computer Programmer position to be enjoyable and informative. Thank you both for making the process such a pleasant experience.

Our discussion confirmed my initial positive impression of Kay & Company. The company's focus on developing the C language programming application certainly has many long-term benefits and my experience in that particular area would enable me to make a significant contribution to the realization of such benefits. Both you and Mr. Brown portray enjoyment and dedication for your work. I am sure that I would share similar traits within such a synergistic and challenging environment. Apart from my programming skills, my strength in preparing documentation and delivering training programs to users would facilitate the successful implantation of the application.

Once again, I would like to thank you for the time and consideration given to my candidacy for the Computer Programmer position. Selecting the ideal candidate is sure to be a challenging task and I would be delighted to attend another interview and/or provide any additional information that you may require in your deliberation. I can be reached at (416) 245-6528.

Sincerely,

Résumé World Inc.
